Description

Provide a short description of the event and its activities.

This event is a partnership between the Department of Education from the Generalidad de Catalunya, the European observatory for memories, the Memorial democatric and the Portuguese NGO Memoshoah. Based on the understanding that both countries have a dark legacy in common, it aims at addressing the trauma of their history. In this regard, this meeting gathering more than 50 participants dealt with the issue of slavery, antijudaism in the Iberic peninsula and Jews during WII. The participant had a guided tour about Jewish heritage in Barcelona. Many pedagogical workshops were provided as well. The teachers had also to prepare a common learning activity based on the work done during these three days and which will be disseminated during the follow-up meeting within six months.
